

Tennis court fence 3+2/3+3

Description

Perimeter protection around tennis court, consisting of fence, pedestrian gate, and details. Standard design in moss green (RAL 6005) on hot-dip galvanized material, fence with 50 mm mesh size and 3.0/2.5 plastic coated steel wire. Pedestrian gate 1200 mm included.

The material is based on a tennis court with standard measures 36×18 m, with fence height 3 meters, or alternatively 3 meters at the short sides and 2 meters at the long sides. Other designs may be custom-tailored.
